

## Game Tables.

California House manufactures three types of game tables:

Reversible Top

Professional

Texas Hold'em

### Reversible Top Game Tables:

- 2-in-1 with a storage area beneath a reversible dining / poker top, **OR**
- 3-in-1 with a bumper pool surface beneath the same reversible dining / poker top.
- Both the storage and bumper pool play surface are 1" thick MDF.
- Feature a padded playing insert upholstered in 21oz billiard cloth that has been treated with Teflon© for stain resistance.
- **Sizes available:** 42", 48", 54", 60", 66" (see pricelist for some restrictions based on style).
- **Shapes available:** Round or Octagon shapes. Always check the price list or website for availability as not every style is available in every size / shape.

- **Player segments:** Our reversible top game tables are made with segments (player positions) that are able to be customized.
  - Wallet tray segments are ideal for gamers that play with physical money and coins.
  - Chip slots are ideal for those that play with poker chips.
  - Hybrid segments are ideal for players that like the freedom of using both.

Wallet Tray

Chip Slots

Hybrid

### Professional Texas Hold'em Tables:

- Features a padded playing insert upholstered in 21oz billiard cloth that has been treated with Teflon® for stain resistance, removable stainless cup holders, a padded elbow rail, and carved chip slots around the perimeter of the table.
- Top is non-reversible. Dining top option sold separately.
- **Sizes available:** 60", 6 or 8 players.
- **Shapes available:** Round only.

### Texas Hold'em Tables:

- Feature a padded playing insert upholstered in 21oz billiard cloth that has been treated with Teflon® for stain resistance, removable stainless cup holders, a padded elbow rail, and wood racetrack around the padded insert for poker chips.
- Non-reversible top. Dining top option sold separately.
- **Sizes available:** 42" x 72" (single pedestal, 6 or 8 players) or 46" x 96" (double pedestal, 8 or 10 players).
- **Shapes available:** Oval only.

### Styles of Game Tables Available (as of June 2018): *(Note: Available on all types of game tables.)*

**Atherton**

**Austin**

**Bainbridge**

**City**

**Glen Ellen**

**Hillsborough**

**Loft**

**Petaluma**

**Venice**

### **Why are California House Game Tables better than the competition?**

- California House uses only the finest hardwoods and materials. High Altitude Red-Leaf Maple is our standard hardwood of choice.
- Each of the segments of the game table are joined together with two massive ½" thick dowels and a biscuit, as well as engineered to accept high-strength mastic to accommodate some natural expansion and contraction. The center multi-layer hardwood ply core is precision fit into the hardwood rim and fastened using a combination of high-strength mastic and 16 screws.
- Our sub-top cross support between the top and base is a massive 4.25" x 1 3/4" laminated hardwood beam construction, far larger and stronger than all other manufacturers. We face glue all crosses to prevent warping. The laminated construction also prevents flexing of the top commonly found in competitor's tables.
- All California House game tables feature hand-made buttons, or stand-offs, to cradle the dining/poker surface and eliminate peel off commonly found on lower-end tables.
- Our tables are available standard with your choice of 19 Dupont® Teflon™ treated cloth colors that resist spills and stains.
- All Game Tables feature adjustable leveling glides under the feet to allow the table to remain level and stable in a majority of conditions.
- California House offers BY FAR the largest selection of Game Tables on the market today, designed by us to be unique.

### **How to Order Your Game Table:**

We try to make everything we do easy to use. The ordering process is no different. An example of how to order, and how an item is shown in the price list is shown below.

The order code is broken down into: Size-Shape-Style-Type

Example: T54-RND-AUS-GS

T54 = Table 54" Diameter (Size)

RND = Round (Shape)

AUS = Austin (Style)

GS = Reversible Top with Game Storage (Type)
